Genetic Alliance UK

About us

Genetic Alliance UK is the national charity of over 150 patient organisations, supporting all those affected by genetic conditions.

Supporting

We seek to raise awareness of genetic conditions and improve the quality of services and information available to patients and families.

Campaigning

We actively campaign on issues of policy and practice to influence governments, policy makers, industry and care providers such as the National Health Service.

Uniting

We provide a united voice for all those affected by genetic conditions, enabling us to work together towards a common goal of making life better for patients and families at risk.

Mission Statement

We aim to improve the lives of people affected by genetic conditions by ensuring that high quality services and information are available to all who need them.

Our Objectives

Genetic Alliance UK seeks to **promote awareness** and **understanding** of **genetic conditions** through a wide range of activities including: -

1. Campaigning on issues of policy and practice
2. Providing support and information to patients and families
3. Educating policy makers, health professionals, patients and families and the general public
4. Supporting the development of high quality services and information and ensuring they are available to all
5. Providing a common platform to unite the voices of patients and families affected by genetic conditions

Member Benefits

Membership is open to all individuals and organisations who are concerned with genetic disorders.

There are many benefits to joining our alliance including:

- Raising awareness of your condition as part of a larger group of patients and families.
- Using your skills and experiences to help shape the future of genetic healthcare.
- Regular communication with the team at Genetic Alliance UK
- Opportunities to work with other patient organisations in collaboration on common issues.
- Making an impact on policy and practice within the health and social care services.

As a member of Genetic Alliance UK you will receive monthly e-mails and quarterly newsletters providing you with updates on the work that we are doing and opportunities for you to attend events and input into key political debates about the health and social care patients and families with genetic conditions receive.

You will have the opportunity to take part in projects and research that we undertake and you will be able to ensure that the condition you are affiliated to inputs into the work of your alliance.

All members are listed on our website with a link to your organisations website and contact details.

You will be invited to participate at all Genetic Alliance UK conferences and the AGM.

Members may nominate a representative to stand for election to Genetic Alliance UK's Board of Trustees and vote at annual general meetings

Membership fees are reviewed annually.
